**Cambridge Point Park**

**Mission Statement:**
It is crucial that our coastlines are designed with sea level rise in mind. The inspiration behind Cambridge Point Park was to create a space that fits the needs of Cambridge while at the same time allowing for rise in sea level and storm surge without effecting the physical condition of the park.

**Site Plan**
- LID parking lot
- Mixed-use development & residential walkway
- Governor's Hall
- Central gathering plaza
- Boardwalk & access road
- Great lawn
- River Birch grove
- Three season water feature
- Specialty gardens
- Overhead structure
- Constructed wetlands
- Overlook point

**Absorptive Edge Section Perspective & Plant Palette**
- Calamagrostis 'Karl Foerster'
- Nassella tenuissima
- Equisetum fluviatile
- Acorus americana
- Andropogon glomeratus
- Asclepias incarnata
- Solidago rugosa
- Iris versicolor
- Carex stricta

**Stormwater Management**
- Runoff
- Evaporation
- Infiltration

- 0 Foot inundation
- 2 Foot inundation
- 5-10 Foot inundation

**Circulation Mapping**

**CAMBRIDGE, MD**
Inventory and Analysis

**Master Plan and Investigation**

**Adaptation and Performance**
